Will it be an online exam or a paper exam. Who corrects the exam. Board asked if someone could be at the next meeting to answer these questions.

B. Staff wanted clarification on the work experience portion of the application. all applicants must have work experience of a minimum of 25 evaluations before they can get licensed. Board would like to work into the rules that all work prior to licensure is signed off on by the person training the applicant.

VI. Rules Review and Other Legislative Topics-Board is going to be reviewing their rules for any changes they need. Tina Kelley spoke with the Board about the process.

There is no Sep 100 section- this section has the definitions and Board information. Tina will put together a draft for the Board to review at the next meeting.

OPLC has a 200s section for discipline. Tina will review the Sep 200s along with the OPLC 200s to make sure nothing is missing that the Board needs to have. A copy of this will be sent to all the Board members for review. The Board still has the authority. The OPLC 200s just streamline a process.

The Sep 300s- OPLC has an outline for fees. Tina and the Board will review this section for potential changes.

The Sep 500s- Code of Ethics. Tina suggested the Board review and make sure it doesn't need more information.

Tina discussed the definitions and where they belong in the rules. If a definition is used throughout the document, the definition belongs in section Sep 100. If a definition is used once in a section, the definition belongs only in that section.
