V. Medical Society Report

Jim Potter addressed the Board to review the current procedures in place for submitting continued education and went over upgrades that the Medical Society has implemented, including electronic filing. Dr. Baker voiced concerns regarding the established late fees and that they could be considered disciplinary action. Mr. Potter stated that he didn't think so since the fee is coming from the Medical Society and not the Board. Dr. Eddinger followed with expressing that it could be the perception by licensees that since the Board is working with the Medical Society that the fee is then actually coming from the Board. Dr. Baker thanked Mr. Potter and determined that it's too late in the cycle to change anything now and that the Board would review the procedure again at a future meeting.

VI. Board President Report

Dr. Baker informed the Board that she has continued meeting with OPLC Enforcement to determine the best course of action in handling incoming complaints.

VII. Board Administration/ OPLC update

Director Lindsey Courtney reviewed the OPLC strategic plan that was distributed to Board members for review. Director Courtney suggested that the Board review the current licensing matrix that the Board of Nursing currently uses and determine if this Board would be interested in implementing something similar. She also suggested that the Board adopt OPLC 200 practice and procedure rules. Dr. Baker requested that the BON matrix and the OPLC 200 rules be placed on the next agenda for the Board to review.

VIII. Adjournment On motion by Nina Gardner, seconded by Linda Tatarczuch, the Board voted unanimously by roll call to adjourn the public session at 4:05 p.m.
