SAFETY DATA SHEETS (SDS) INFORMATION

Licensed facilities are required to have Safety Data Sheets for any product which comes in direct contact with a client.

SDS may be obtained from your distributor or from the manufacturer directly.

SDS must be kept in a place that is accessible to everyone in the licensed facility. All employees need to be informed of where the SDS are located.

You are not required to have SDS for cleaning, sanitation, or disinfecting products as these do not come in direct contact with a client.

The following is a **partial** list of products that require SDS sheets:

SHAMPOO	LIQUID MONOMER
CONDITIONER	ACRYLIC POWDER
HAIRSPRAY	GEL
CREAM	NAIL POLISH
GEL	ACETONE
MOUSSE	PRIMER
FIXATIVES	MAKE UP
TALC POWDER	WAX/HAIR REMOVAL PRODUCT
PERMS	SKIN CARE PRODUCTS
ANY COLOR PRODUCT	

The above is a **partial** listing. You must ensure you have the SDS for any/all products that come in direct contact with a client.

A fine will be imposed for any product in the facility without the required SDS sheet available.
