

**Adopt Acp 700 to read as follows:**

CHAPTER Acp 700 ACUPUNCTURE DETOXIFICATION SPECIALISTS

PART Acp 701 DEFINITIONS

Acp 701.01 Definitions.

(a) “A combination of points on the ear” means the standardized NADA ear protocol in effect as of July 1, 2017 limited to the use of the 5 auricular acupuncture points known as shen men, sympathetic, kidney, liver, and lung.

(b) “Acupuncture detoxification” means “acupuncture detoxification” as defined in RSA 328-G:2, IX, namely “the treatment by means of the insertion of acupuncture needles in a combination of points on the ear.” The term includes “acu-detox.”

(c) “Acupuncture detoxification specialist (ADS) or (certificate holder)” means “acupuncture detoxification specialist” as defined in RSA 328-G:2, X, namely, “an individual certified by the board to practice acupuncture detoxification in this state.”

(d) “Applicant” means a person who has an application for an acupuncture detoxification specialist certification pending before the board.

(e) “Board” means “board” as defined in RSA 328-G:2, III, namely, “the board of acupuncture licensing established under RSA 328-G:3.”

(f) “Board-approved other professional” means social workers, emergency service workers, police officers, firefighters, guidance counselors, and substance abuse workers within a treatment facility.

(g) “Business hours” means hours when services are being performed by the acupuncture detoxification specialist.

(h) “Equivalent training” means training that meets or exceeds the 70-hour mixed didactic and clinical NADA acupuncture detoxification specialist training curriculum in effect as of July 1, 2017, as defined in the NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II.

(i) “General supervision” means supervision provided by a New Hampshire licensed acupuncturist who shall be available by phone or other electronic means during business hours and who conducts at least two site visits per year as defined in RSA 328-G:9-a, II(b).

(j) “NADA” means “NADA” as defined in RSA 328-G:2, XI, namely “the National Acupuncture Detoxification Association.”

(k) “NADA standards of competency” means the standards of competency for acupuncture detoxification specialists developed by NADA that are defined in the NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II.

(l) “NADA training” means “NADA training” as defined in RSA 328-G:2, XII, namely, “the standardized auricular acupuncture protocol developed by NADA that is in effect on July 1, 2017.”

(m) “Peer counselor” means a peer-based recovery trained supporter who helps to initiate and sustain an individual in their behavioral health and in their recovery from substance abuse and addiction.

(n) “Recovery coach” means anyone employed in promoting recovery by removing barriers and obstacles to recovery and serving as a personal guide and mentor for people seeking or already in recovery.

(o) “Standardized auricular acupuncture protocol” means the NADA acudetoxification protocol that utilizes a standardized and limited 5-point auricular acupuncture on a combination of points on the ear within the context of addictions and behavioral health treatment and prevention programs and mutual support fellowships. The term is also known as “NADA protocol.”

(p) “Supervising acupuncturist” means a New Hampshire licensed acupuncturist in good standing, trained in the NADA protocol or other board-approved training, who has certified their willingness to supervise an acupuncture detoxification specialist via their signature on the ADS application form.

## Acp 702 APPLICATION PROCEDURE

### Acp 702.01 Acupuncture Detoxification Specialist Application.

(a) Each applicant for certification as an acupuncture detoxification specialist shall complete and submit to the board an “Acupuncture Detoxification Specialist Certification Application”, effective July 2018 and available on the board’s website, which includes the following on or attached to the form:

- (1) The applicant’s legal name, other names the applicant has been known by and reason for name change, mailing address, and telephone number(s);
- (2) The date(s) the applicant attended and completed NADA or other board-approved training;
- (3) The date of application;
- (4) The applicant’s signature;
- (5) The primary practice location address that the acupuncture detoxification services will be performed;
- (6) Any additional practice location addresses;
- (7) The applicant’s date of birth;
- (8) The applicant’s social security number, as required by RSA 161-B:11, VI-a;
- (9) The applicant’s email address;
- (10) A copy of the NADA ethics pledge, or ethics pledge issued by other board-approved training programs, statement signed by the applicant;

- (11) A copy of the NADA or other board-approved training certificate of training completion;
  - (12) Application fee of \$110.00;
  - (13) The following information about the supervising acupuncturist:
    - a. Name, mailing address, and telephone number(s);
    - b. License number and expiration date; and
    - c. The supervising acupuncturist’s signature attesting that he or she agrees to abide by Acp 703.01;
  - (14) Attestation from the supervising acupuncturist of their own familiarity with:
    - a. The NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II;
    - b. Prior NADA training that meets or exceeds the NADA training; or
    - c. Other board-approved training;
  - (15) An indication as to whether the applicant has had an acupuncture detoxification certificate, license, or other similar registration revoked, suspended, or limited in this or any other state or jurisdiction;
  - (16) An indication as to whether the applicant has had a professional license or certification in a field other than acupuncture detoxification revoked, suspended, or otherwise terminated on disciplinary grounds;
  - (17) An indication as to whether the applicant holds a current health care, recovery coach or peer counselor professional license, certificate or other similar credential. The applicant shall provide the professional license, certificate or credential type, number, and state of issuance;
  - (18) An indication as to whether the applicant has prior work or volunteer experience in substance abuse or addictions treatment or behavioral health treatment; and
  - (19) An indication as to whether the applicant has successfully completed clean needle technique training as outlined in the NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II, or as outlined in the training approved pursuant to Acp 705.
- (b) The applicant shall provide a detailed explanation to any affirmative answer given in response to questions (17)-(20) in (a) above.

Acp 702.02 ADS Certificate Renewal Procedure. ADS certificate holders seeking to renew their certificates shall, on or before June 30 every other year, complete and submit an “Acupuncture Detoxification Specialist Renewal Application” form, effective July 2018.

PART Acp 703 SUPERVISION OF ACUPUNCTURE DETOXIFICATION SPECIALISTS

Acp 703.01 General Supervision.

(a) New Hampshire licensed acupuncturists who agree to supervise an acupuncture detoxification specialist shall:

(1) Conduct at least 2 site visits per year, which shall include:

- a. Review of sanitary conditions of the site, including compliance with clean needling technique standards; and
- b. Review of documentation required by NADA training, including but not limited to verification of treatment consent agreements; and

(2) After each site visit, complete and submit a written supervision report to the board containing:

- a. Conditions of the site including verification of adequate site sanitation, and verification of proper needle storage and disposal;
- b. Verification of adequate patient documentation as required by the NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II;
- c. Name of ADS being supervised, supervision site location address, date and time of the supervisory visit, and name of supervising acupuncturist;
- d. Estimate of how many clients the ADS sees each day;
- e. If the supervising acupuncturist has reason to believe the ADS is not following the NADA protocol as described in the NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II, an explanation of the circumstances giving rise to that belief;
- f. If the supervisor has reason to believe the ADS is not following the ADS standards of competency as described in the NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II, an explanation of the circumstances giving rise to that belief;
- g. If the supervisor has reason to believe the ADS is not following the ADS Ethics Pledge as described in the NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II, or an equivalent ethics pledge issued by other board-approved training programs, an explanation of the circumstances giving rise to that belief;
- h. If the supervising acupuncturist has reason to believe that the level of supervision being provided is not appropriate and needs to be modified, an explanation of the circumstances giving rise to that belief; and

- i. If the supervising acupuncturist has reason to believe the actions of the ADS constitute misconduct as specified in Acp 704.01, an explanation of the circumstances giving rise to that belief.
- (b) Supervising acupuncturists shall be available by phone or other electronic means during business hours. In the event the supervisor is temporarily unavailable for supervision, the parties to the supervision agreement shall ensure a substitute supervising acupuncturist shall be available.
- (c) Supervising acupuncturists shall maintain a current New Hampshire acupuncture license in good standing.

Acp 703.02 Supervising Acupuncturist and ADS Requirements.

- (a) Supervising acupuncturists shall notify the board in writing at least 45 days prior to the termination of the supervision if they terminate supervision of an ADS or, in the case of an emergency, as soon as practicable thereafter. The notification shall include the date of the termination and signatures of the ADS and the supervising acupuncturist.
- (b) A supervising acupuncturist shall give the ADS at least 45 days' notice or, in the case of an emergency, as soon as possible if unavailable to provide supervision.
- (c) ADS certificate holders who wish to change supervisors shall do so by completing and submitting a signed "Acupuncture Detoxification Specialist Change of Supervising Acupuncturist Application" form, effective July 2018 and available on the board's website, which shall include:
  - (1) The name of the ADS to be supervised;
  - (2) The following information about the supervising acupuncturist:
    - a. Name, mailing address, and telephone number(s); and
    - b. License number and expiration date;
  - (3) The signature of the new supervising acupuncturist attesting:
    - a. That he or she will abide by the provisions of Acp 703.01; and
    - b. Familiarity with the following:
      - 1. The NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II;
      - 2. Prior NADA training that meets or exceeds the NADA training; or
      - 3. Other board-approved training; and
  - (4) The date the supervisor change is in effect.
- (d) An ADS shall not practice if the supervising acupuncturist is unavailable for supervision.

PART Acp 704 DISCIPLINARY PROCEDURES AND REVOCATION OF CERTIFICATION

Acp 704.01 Discipline of Acupuncture Detoxification Specialists. The board shall, after notice and opportunity to be heard in accordance with Acp 200, impose disciplinary sanctions upon an ADS if he or she:

(a) Fails to follow the NADA ethics pledge, or an ethics pledge issued by other board-approved training programs, by engaging in any of the following behaviors:

- (1) Not maintaining a professional relationship with all persons served;
- (2) Drug or alcohol abuse;
- (3) Breach of confidentiality;
- (4) Failing to maintain the highest standards in all services provided;
- (5) Claiming or implying qualifications exceeding those actually obtained;
- (6) Implying competence to use acupuncture in general unless so trained and licensed;
- (7) Failing to limit the practice to the NADA protocol unless permitted to perform acupuncture in general under the scope of practice of a professional license;
- (8) Not using acu-detox in conjunction with appropriate counseling and supportive services as described in the NADA training or in the training approved pursuant to Acp 705; or
- (9) Engaging in any other behavior that demonstrates failure to comply with the applicable ethics pledge.

(b) Fails to follow the NADA standards of competency by:

- (1) Not being able to perform at least 20 treatments during a 4 hour period with good point location and technique;
- (2) Not being able to explain the uses and limits of the treatment;
- (3) Not being able to demonstrate sensitivity, compassion, and respect for clients;
- (4) Not being able to understand the communal treatment effect and maintain an appropriate atmosphere;
- (5) Not being able to demonstrate clean needle technique;
- (6) Not being able to demonstrate understanding of and compliance with the limited scope of practice and other ethical principles;

- (7) Not being able to demonstrate understanding of the implications of auricular acupuncture for addictions and behavioral health in the larger treatment context;
  - (8) Not being able to write chart notes of client status, treatment given, and client response;
  - (9) Not being able to demonstrate the understanding of the adjunctive nature of acu-detox and the importance of collaboration and communication with the treatment team;
  - (10) Not being able to demonstrate recognition of the psycho-spiritual nature of recovery and respect and support the client's internal process;
  - (11) Not being able to modify treatment appropriately and to respond to adverse clinical situations; or
  - (12) Not being able to demonstrate understanding of addictions and the NADA protocol from the perspective of basic concepts of Oriental medicine;
- (c) Fails to maintain current ADS certification while engaged in the practice of acu-detox; or
- (d) Has a professional license or certification in a field other than acupuncture detoxification revoked, suspended, or otherwise terminated on disciplinary grounds.

Acp 704.02 Imposition of Sanctions.

- (a) Other than immediate certificate suspensions authorized by RSA 541-A:30, III and Acp 704.03, the Board shall impose disciplinary sanctions only:
- (1) After prior notice and an opportunity to be heard; or
  - (2) Pursuant to an agreed upon settlement or consent decree.
- (b) Actions constituting misconduct shall be those specified in Acp 704.01.
- (c) Following a hearing and after a finding that misconduct has occurred by a certificate holder, the board shall impose, pursuant to RSA 328-G:7, XIV (b), one or more of the following sanctions ranked in order of increasing seriousness:
- (1) Public or private reprimand;
  - (2) Suspension or restriction of certification; or
  - (3) Revocation of certification.
- (d) In determining which sanction(s) to impose, the board shall consider:
- (1) Aggravating factors such as:
    - a. The seriousness of the offense;

- b. The certificate holder's prior disciplinary record, including number and type of prior instances of misconduct; and
- c. The resulting harm to a person or to the public health and safety; and

(2) Mitigating factors such as:

- a. The lack of seriousness of the offense;
- b. The certificate holder's lack of a prior disciplinary record;
- c. The certificate holder's state of mind at the time of the offense;
- d. The certificate holder's acknowledgment of his or her wrongdoing; and
- e. The certificate holder's willingness to cooperate with the board.

(e) Copies of board orders imposing disciplinary sanctions and copies of all settlement agreements or consent decrees shall be sent to the licensing body of each state in which the ADS certificate holder is certified or licensed or holds other similar registration and to such other entities, organizations, associations, or boards as are required to be notified under applicable state or federal law.

Acp 704.03 Immediate Certificate Suspension.

(a) When the board receives information indicating that a certificate holder has engaged in misconduct that poses an immediate danger to life or health, the board shall issue an order pursuant to RSA 541-A:30, III, that sets forth the alleged misconduct and immediately suspends the certificate for up to 10 working days pending commencement of an adjudicatory proceeding. If commenced within 10 working days, the suspension shall continue until there is a decision in the proceeding.

(b) Suspension orders under this section shall include the notice of hearing pursuant to Acp 207.02(b).

(c) No hearing date established in a proceeding conducted under this section shall be postponed at the request of the certificate holder unless the certificate holder also agrees to continue the suspension period pending issuance of the board's final decision.

Acp 704.04 Voluntary Surrender of ADS Certification.

(a) A certificate holder may surrender a certificate at any time.

(b) Surrender or nonrenewal of a certificate shall not preclude the board from investigating or completing a disciplinary proceeding based upon the certificate holder's conduct while the certificate is still in effect. Such investigations and proceedings shall be handled in the same manner as other disciplinary investigations and proceedings.

(c) A certificate holder who surrenders a certificate shall have no right or privilege in New Hampshire except as shall be specifically set forth in a board order settlement agreement, or order of a

court of competent jurisdiction. A certificate holder who reapplies for a certificate in New Hampshire after surrender shall meet all the requirements in effect for new applicants as set forth in statute and rules at that time.

(d) A certificate holder who surrenders a certificate as part of a settlement of pending misconduct allegations shall make a written settlement offer to the board before the close of the record in a disciplinary hearing.

(e) Any settlement agreement reached under (d) above shall include the following concessions:

(1) That certificate surrender has occurred in settlement of pending disciplinary allegations; and

(2) That the pending allegations shall be issues to be resolved in any future application the certificate holder may submit in New Hampshire.

(f) The fact of certificate surrender pending disciplinary action and the terms of any settlement agreement pertaining thereto shall be distributed to all relevant certification authorities and data bank in the same manner as a final decision containing specific findings of misconduct.

Acp 704.05 Reciprocal Discipline. When the board receives notice that a certificate holder has been subjected to suspension or revocation of a certificate without subsequent reinstatement, the board shall issue an order directing the certificate holder to demonstrate why reciprocal discipline should not be imposed in New Hampshire.

#### PART Acp 705 OTHER BOARD-APPROVED TRAINING

Acp 705.01 Training Required. Pursuant to RSA 328-G:9-a, I, applicants for certification as an ADS shall complete either:

(a) The NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II; or

(b) A training program that meets or exceeds the standards of (a) above which is approved by the board pursuant to Acp 705.02.

Acp 705.02 Board Approval of NADA-Equivalent Training Programs. The board shall approve any 70-hour mixed didactic and clinical training program that demonstrates it meets the requirements of Acp 705.03 - 705.05. Programs seeking approval under this part shall submit documentation sufficient to demonstrate compliance with these requirements no later than 4 months before offering the training program for the first time.

Acp 705.03 Didactic and Clinical Experiences Required. Training programs shall include at least 30 hours of didactic education covering subjects related to acupuncture detoxification and 40 clinical hours under the supervision of a licensed acupuncturist.

Acp 705.04 Board-Approved Training Curriculum Requirements. The training curriculum shall include, but need not be limited to, the following subject matter:

- (a) The history of acupuncture detoxification;
- (b) Acupuncture detoxification point locations and descriptions, ear anatomy, identification of “active area” by changes in color, texture, etc.;
- (c) Infectious disease, safety, and clean needle technique training as outlined in the NADA Acupuncture Detoxification Specialist Training Manual, effective July 1, 2017, available as noted in Appendix II;
- (d) Needling technique, needle angle of insertion and insertion depth, needle removal, needle accountability, and disposal of needles;
- (e) Breathing technique, body positioning, minimizing discomfort, clinical concerns, and complications with needling;
- (f) Client communication including bedside manner, obtaining informed consent, developing and presenting information about acupuncture detoxification services, and addressing client fear and resistance to treatment;
- (g) The communal treatment approach and effect, the yin nature of treatment, and non-verbal communication;
- (h) Oriental medicine concepts as they relate to ADS, and the concept of empty fire;
- (i) Trial treatments including explanation of what happens during treatment, addressing trainee fear of inflicting pain, practice on class members and inanimate objects, and client treatments in existing acupuncture detoxification service settings;
- (j) Maintaining boundaries, safe touch, recognizing and supporting the client’s safe space, and observation and modification of treatment as needed in response to the needs of the client;
- (k) Partnership with clients through the provision of acupuncture detoxification services, understanding that healing is within the client, supporting and endorsing other recovery processes, minimization of self and avoiding controlling behavior, and empowering the client’s choice to receive acupuncture detoxification services;
- (l) ADS self-care including stress management, burnout prevention, receiving acupuncture detoxification treatments, attending Al-anon or other mutual help fellowships, and recognizing and validating the subjective experience;
- (m) Client management issues and strategies, including how to maintain order in a room while providing acupuncture detoxification services to at least 5 clients, sensitivity to issues of racism, sexism, and homophobia in treatment, cultural sensitivity, psychosocial issues affecting clients’ recovery, and review of case studies;
- (n) Discussion of unique needs and the role of acupuncture detoxification with special populations, including:

- (1) Persons with HIV/AIDS;
  - (2) Persons who are or have been in the criminal justice system;
  - (3) Men;
  - (4) Women;
  - (5) Expecting or new mothers;
  - (6) Persons with co-existing mental health disorders;
  - (7) Persons who are or have experienced domestic violence or street violence;
  - (8) Persons who are homeless or who have experienced homelessness;
  - (9) Veterans;
  - (10) Persons experiencing Post Traumatic Stress Disorder or acute and chronic traumatic stress;
  - (11) Youth;
  - (12) Elderly;
  - (13) Persons who identify as gay, lesbian, bisexual, transsexual, etc.;
  - (14) Persons within specific ethnic or cultural groups; or
  - (15) Methadone assisted clients;
- (o) The requirements for a peaceful and successful treatment environment, including the physical set up and aesthetics of the room, furniture, lighting, sound, relation with program staff, and interaction with individual clients;
  - (p) Documentation and charting procedures including subjective objective assessment plans (SOAP), narrative and other note formats, documentation specific to facility, agency or location, minimum requirements for notes to include date of service, status, treatment delivered, client response, and signature;
  - (q) Outcome data collection methods including symptom checklists and client surveys;
  - (r) Acupuncture detoxification related research, design and methodology, placebo trials, and the historical difficulties of research;
  - (s) The nature of addiction and recovery, including the disease concept, recovery, social, and brain model of addiction, review of substances of abuse and related client profiles, and the use of acupuncture detoxification with these populations, the psycho-spiritual nature of acupuncture detoxification, the role of shame and denial, recovery as a lifelong, individual, and intrinsic transformation, and mutual support fellowships;

- (t) Stages of the recovery process and ADS treatment at each stage, including withdrawal, early recovery, sobriety maintenance, longer term recovery, and relapse prevention;
- (u) 12-step recovery and mutual support fellowships including alcoholics anonymous (AA), narcotics anonymous (NA), Al-Anon, and Nar-Anon, program specific philosophy, the 12 steps and traditions, support groups and sponsorship, the requirement for ADS trainees without prior exposure to attend meetings; the role of 12- step programs in recovery, and alternatives to 12- step programs;
- (v) Integration within the treatment milieu and limited scope of practice for an ADS and with other treatment interventions, treatment planning, group process, the adjunctive role of acupuncture detoxification services in conjunction with medical, psychological, and pharmacological intervention and with didactic, psycho-educational, individual, and family counseling, and collaboration and communication with the treatment team;
- (w) Relation to other interventions and logistics of integration with other treatment interventions, including timing, availability, atmosphere, space, and setting, and necessary compliance with agency, facility specific, local, or state policies, procedures, laws, or rules;
- (x) Appropriate referral and crisis management for addiction, mental health, and medical evaluation and care, referral for treatment of non-crisis and non-emergency needs, and the necessity of working openly and respectfully with other agencies;
- (y) The existence of drug courts, family courts, veteran courts, and mental health courts as a means to better serve specialized populations; and
- (z) Legal and ethical considerations related to performing acupuncture detoxification, including the requirement of supervision by a licensed acupuncturist, scope of practice and typical temptations to work outside scope of practice, board-approved ethics pledge, confidentiality, HIPAA regulation, federal law governing clients with substance abuse disorders and addiction, insurance coverage of acupuncture detoxification, RSA 328-G, and Acp 100-700.

Acp 705.05 Board-Approved Course Objectives. The objectives of training programs shall require that an ADS shall be able to:

- (a) Perform treatments with good point location, technique, and safety practices within a group setting and perform 20 treatments in a 4- hour period;
- (b) Explain the uses and limitations of the treatment;
- (c) Demonstrate sensitivity, compassion, and respect for clients;
- (d) Understand the communal treatment effect and maintain an appropriate atmosphere;
- (e) Demonstrate clean needle technique and universal precautions;
- (f) Demonstrate understanding of, and comply with, the limited scope of practice and ethical principles that guide practice;

- (g) Demonstrate understanding of the implications and role of acupuncture detoxification for the treatment of drug and alcohol abuse and addiction in the larger treatment context;
- (h) Write chart notes including date of service, status, treatment delivered, client response, and signature;
- (i) Demonstrate understanding of the adjunctive nature of acupuncture detoxification services and the importance of collaboration and communication with the treatment team;
- (j) Demonstrate recognition of the psycho-spiritual nature of recovery, and be able to respect and support the client's internal process;
- (k) Modify treatment appropriately as needed in response to the needs of the client within the combination of 5 points on the ear, for example, fewer needles or shorter retention, and respond to adverse clinical situations should they occur; and
- (l) Demonstrate understanding of addictions and the NADA protocol from the perspective of Oriental medicine concepts such as empty fire.

Acp 705.06 Issuance of Certificates of Training Completion.

- (a) Upon completion of the 70 -hour training, and after an evaluation of an application's competency as outlined in Acp 705.05, training program providers shall issue a certificate of completion.
- (b) The certificate shall contain the following:
  - (1) Total number of didactic training hours completed;
  - (2) Total number of clinical training hours completed;
  - (3) Dates of training and completion of training; and
  - (4) Printed name(s) and signature(s) of the instructor(s).

Acp 705.07 Prohibited Acts.

- (a) Trainers and training programs shall not engage in any behavior that gives rise to conflicts of interest or gives the appearance of impropriety, including but not limited to:
  - (1) Recommending a completion certificate for an individual who did not complete the training;
  - (2) Conducting an inferior or substandard training;
  - (3) Misrepresenting the nature of the training to the recipient of the training, or to others;  
or
  - (4) Failing to fulfill obligations or agreements to trainees, agencies, or others.

(b) Board approval of training shall be subject to revocation, upon 45 days' notice to the training provider, if any approved training program is found to be in violation of the requirements of Acp 705.
