**Phy 406.01(c)** At least one half of the hours required shall relate directly and primarily to the clinical application of physical therapy.

**Phy 406.01(d)** The balance of contact hours required shall relate to general physical therapy practice, including, but not limited to, supervision and consultation skills, curriculum development and trans disciplinary issues or skills.

Continuing competence shall be maintained through the following continuing professional education courses and professional activities:

- Receipt of academic instruction in physical therapy, as further described in Phy 406.02;
- Non-academic courses, seminars, conferences and workshops, as further described in Phy 406.03;
- Facility-based physical therapy in-service training, as further described in Phy 406.04;
- Formal mentored independent study, as further described in Phy 406.05;
- Direct supervision of physical therapist or physical therapist assistant students during their clinical education, as further described in Phy 406.06;
- Supervision of licensees holding conditional initial licenses, conditionally renewed licenses or conditionally reinstated licenses, as further described in Phy 406.07;
- Publication of writing related to physical therapy, as further described in Phy 406.08;
- Professional presentations relating to physical therapy made to other professionals or the public, as further described in Phy 406.09;
- Participation in a physical therapy research project, as further described in Phy 406.10;
- Participation in the work of professional boards, committees and agencies, as further described in Phy 406.11;
- Completion of distance learning courses, as further described in Phy 406.12;
- Teaching physical therapy, as further described in Phy 406.13;
- Receipt of infection control education, as further described in Phy 406.14;
- Successful completion of a practice review tool, as further described in Phy 406.15;
• Journal study, as further described in Phy 406.16;

• Successful Completion of a Specialty Certification Examination, as further described in Phy 406.17;

• Clinical Residence Program, as further described in Phy 406.18;

• Clinical Fellowship Program, as further described in Phy 406.19; and

• Clinical Mentor of a Physical Therapist in an Accredited Residency or Fellowship Program, as further defined in Phy 406.20.
Submit with the completed renewal form and payment, a legible copy of the front and back of your current "Board of Certification" (BOC) wallet card.

Your application will be considered incomplete if you do not send a copy of your card.

REQUIRED: Submit with the completed renewal form and payment a legible copy of the front and back of your currently valid NCTRC certificate or wallet card. Your application will be considered incomplete if you do not provide a copy of your card.

Rec 405.01(b) At least 20 hours of the required hours shall be taken in professional courses or professional activities having as their subject one or more to the 4 NCTRC knowledge areas.

Continuing competence shall be maintained through the following continuing professional education and professional activities, provided that they meet the definition of continuing professional education or professional activity in Rec 401.01(b):

- Successful completion of academic course work, as further described in Rec 405.02;
- Successful completion of non-academic education programs given by IACET-approved providers, as further described in Rec 405.03;
- Participation in facility-based in-service training including grand rounds, as further described in Rec 405.04;
- Publication of an article in a professional journal, as further described in Rec 405.05;
- Distance learning, as further described in Rec 405.06;
- Participation in the work of professional boards and committees, as further described in Rec 405.07;
- Direct supervision of recreation therapy interns, as further described in Rec 405.08;
- Special certifications, as further described in Rec 405.09; and
- Professional presentations, as further described in Rec 405.10.
