Executive Summary

The purpose of the Office of Professional Licensure and Certification (OPLC) is to promote efficiency and economy in the administration of the business processing, recordkeeping, and other administrative and clerical operations of professional licensing and certification boards, including both professional healthcare licensing and professional technical licensing. The individual licensing and certification boards that are organized under the OPLC have specialized knowledge and experience and are currently separate and distinct for the purposes of regulating their various professions. OPLC was established, and is funded, to provide for the joint administration of the Board's administrative, clerical, business processing, and recordkeeping functions. OPLC currently provides this support to over 50 professional licensing Boards, Commissions and Councils. The Boards, Commissions and Councils qualify and license, certify or register individuals and businesses and regulate their professions with the powers, duties, functions and responsibilities granted by statute. Each year, OPLC and the Boards, Councils & Commissions it supports, licenses or certifies upwards of 130,000 professionals. OPLC currently has authorizations for 86 employees, 20 of which are part-time employee authorizations.

OPLC Organization Chart

Significant Updates

Legislative Actions:

The budget trailer bill, House Bill (HB) 4, passed by the Legislature on September 25, 2019, retroactively amended RSA 310-A:1-e, I(b) for FY 19. This amendment was made effective June 30, 2019. The RSA had previously created a dedicated fund for the OPLC, which was non-lapsing and continually appropriated for purposes of paying all costs and salaries associated with the office. With the passage of HB 4, OPLC has retained the responsibility and authority for the dedicated fund, but HB 4 struck the “continually appropriated” language and the dedicated fund proceeds now lapse to the State’s general fund at the close of each fiscal year, thereby degrading the ability of OPLC to pay for emerging costs and salaries or organizational needs unless previously budgeted or seeking authorization through the Fiscal Committee and Governor & Executive Council for authorization to accept and expend funds in excess of budgeted amounts.

PDMP:

- FY 19 PDMP Annual Report will be submitted on 11/1/19.
- The PDMP Data Compliance Audit which commenced in May 2018 with the hiring of a temporary part-time Assistant Inspector/Auditor continues. Funding for this position is being coordinated through a sub-grant from the NH Department of Health and Human Services (CDC).
- Monthly audit progress reports submitted to Fiscal Committee.
- Strategic plan completed and approved by the NH PDMP Advisory Council and NH Board of Pharmacy – July 2018.
- Initiated and completed three registration audits (dental, pharmacists and non-resident pharmacies).
- Draft PDMP policy and procedures have been developed.
- PDMP Advisory Council “orientation packet” has been drafted.
- Draft “Data Request Database” has been developed to document all data request and outcomes.
- Legislation (SB 120) moved the NH PDMP from under the authority of the NH Board of Pharmacy to the Office of Professional Licensure and Certification – effective 9/27/2019.
- Revised draft NH PDMP rules based on previous session legislative changes submitted.

- Was awarded a 2019 Bureau of Justice Administration (BJA) grant in partnership with the NH Department of Justice. \$722,137 for a three-year period. These funds will be used for salaries of the PDMP Manager and PDMP Administrative Assistant, and base operational costs for the PDMP database.
- Was awarded a 2019 CDC grant in partnership with the NH Department of Health and Human Services in the amount of \$2,295,933 for a three-year period. These funds will be used for the salaries of two Program Specialist I positions (data compliance), and one Program Specialist III position (EHR integration and education), Contract funds for increased analytical capacity will allow for advanced data analysis for local state and federal reporting all the way down to the patient level and Contract funds for advanced capacity will provide enhanced data fields and educational information to prescribers and dispensers.

Complaint Process:

In FY19, the Boards, Councils, and Commissions in OPLC's Division of Technical and Health Professions actively responded to complaints of professional misconduct. While the investigative and disciplinary process is generally governed by the respective statutes and rules concerning each board, those processes generally dictate that complaints are reviewed upon receipt by an OPLC staff member and by each board or designated subcommittee at its next meeting. After review, the Board decides whether the complaint has stated a violation of statute, rule, or ethics that warrants an investigation. Depending on the nature of the allegations, a Board member could be recused to conduct the investigation, the investigation could be conducted by members of a subcommittee or the Administrative Prosecutions Unit (APU) at the Attorney General's Office, or, in the case of the Board of Medicine, the investigation could be conducted by an in-house investigator. Generally, information pertaining to an investigation is confidential and may not be shared with members of the public, including the complainant, unless and until the matter proceeds to disciplinary action. The process to complete an investigation can take many months, depending upon the nature of the allegations.

Once an investigation is completed, the investigator prepares a report of investigation (ROI), which is presented to the Board. The Board reviews and determines whether to proceed to disciplinary action. If the Board decides to proceed to disciplinary action, generally a Notice of Hearing will be issued. The case may be prosecuted by a member of the APU in the Attorney General's Office, by a recused Board member or, at times, by a member of OPLC staff. The prosecutor generally will explore potential settlement options before proceeding to an adjudicatory hearing. At present, OPLC generally lacks sufficient resources to timely investigate and prosecute all complaints and actions. If the case is dismissed without further action, the complainant is notified.

These procedures vary according to Board. Pursuant to RSA 310-A:1-d(h)(2), the executive director has the authority to implement rules to administer the boards, including rules pertaining to the “administration of complaints and investigations....” OPLC has not be able to implement such rules to date, as there are statutory provisions in the various Board Practice Acts that require amendment before rules may be promulgated. OPLC is seeking legislative sponsorship in FY 20 to amend the various Practice Acts in the 2020 legislative session to permit OPLC to establish a standardized process for responding to complaints and conducting the adjudicatory process.

My Licensing Office (MLO):

Several of the licensed occupations supported by OPLC now offer **initial** online licensing, which has significantly reduced the licensing processing time. These occupations include:

- Alcohol and Other Drug Use Professionals
- Architects
- Architect Business
- Body Arts
- Bodyworkers
- Certified Pharmacy Technicians
- Chiropractors
- Dietitians
- Engineers
- Engineering Business
- Geologists
- Hearing Care Providers
- Land Surveyors
- Land Surveyor Business
- Massage Therapists
- Nurses and Nursing Assistants
- Ophthalmic Dispensers
- Pharmacy Interns
- Real Estate Appraiser Temporary Practice
- Registered Pharmacy Technicians

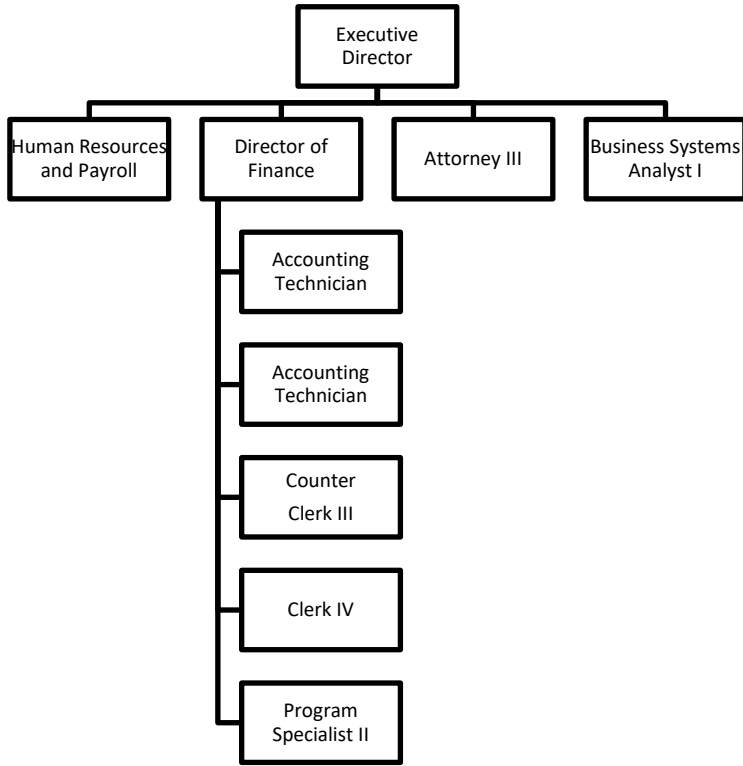

The following occupations have **renewal** online licensing capabilities:

- Accountants
- Alcohol and Other Drug Use Professionals
- Allied Health Professionals
- Architects
- Barbers
- Body Arts
- Bodyworkers
- Chiropractors
- Cosmetologists
- Court Reporters

- Dentists/Hygienists
- Dietitians
- Electricians
- Engineers
- Estheticians
- Foresters
- Geologists
- Hearing Care Providers
- Home Inspectors
- Land Surveyors
- Landscape Architects
- Manicurists
- Manufactured Housing Installers
- Massage Therapists
- Master Barbers
- Medical Technicians
- Natural Scientists
- Nurses
- Nursing Assistants
- Nursing Home Administrators
- Ophthalmic Dispensers
- Optometrists
- Pharmacists
- Physician Assistants
- Physicians
- Psychologists
- Real Estate Commission
- Real Estate Appraisers
- Septic System Evaluators

OPLC will continue to address improved customer service both in striving toward initial online licensing capability for all occupations supported by OPLC, and assuring that Boards administratively supported by OPLC are provided the resources, training, and network opportunities they need to perform their duties properly. As a self-funded agency with a dedicated fund, OPLC needs to have the financial resources to enhance quality of service and support to licensees and Boards.

DIVISION OF ADMINISTRATION ORGANIZATION

Administrative Expenses

In FY 19, The Office of Professional Licensure and Certification became a self-funded Agency, per Ch. 330 L2018 SB-531. Agency “maintenance” fees that were formerly paid from the General Funds, this past fiscal year were paid with OPLC funds. These are not new expenses for the Agency, but costs that have been now transferred to the OPLC.

For FY 19, Administrative Expenses were added as a separate line item, so that comparisons between years could still be performed. The following is a breakdown of the Administration expenses allocated to the Boards. Starred items are explained below.

Admin Salaries & Benefits*	\$ 801,000
Office Expenses	\$ 20,300
Rent	\$ 21,900
Telecom	\$ 5,100
AGENCY WIDE EXPENSES:	
DOIT	\$ 284,500
Statewide Cost Allocation	\$1,077,300
Plan Reports (SWCAP)**	
NH Retirement	\$ 234,500
Workers Insurances***	\$ 7,000
Total	\$2,451,600

*Administrative Salaries and Benefits: OPLC Administrative Services payroll includes, the Executive Director, the Finance Department, Reception, Human Resources, Rules Attorney, IT Support and Office Management.

**SWCAP: all the support services provided by other agencies, such as legal counsel, archives storage, financial services, budget oversight, building cleaning and maintenance, graphic services, mail services, human resources, purchasing contract services, risk management and treasury services.

***Workers Insurances: Unemployment and workers' compensation.

Method of Allocation

Both Administrative expenses and indirect division expenses (such as Division Director salary, copier leases and supplies, postage, rent, etc.) were allocated as a percentage of revenue received by the Board.

TOTAL OPLC RECEIPTS AND EXPENDITURES (in Millions)

	<u>FY 2017</u>	<u>FY 2018</u>	<u>FY 2019</u>
Total Revenues:	\$12,106,657	\$12,040,902	\$13,254,012
Budgeted OPLC Expenditures:	\$ 7,827,305	\$ 8,481,025	\$10,774,290
Actual OPLC Expenditures:	\$ 7,878,303	\$ 7,350,705	\$ 9,743,255

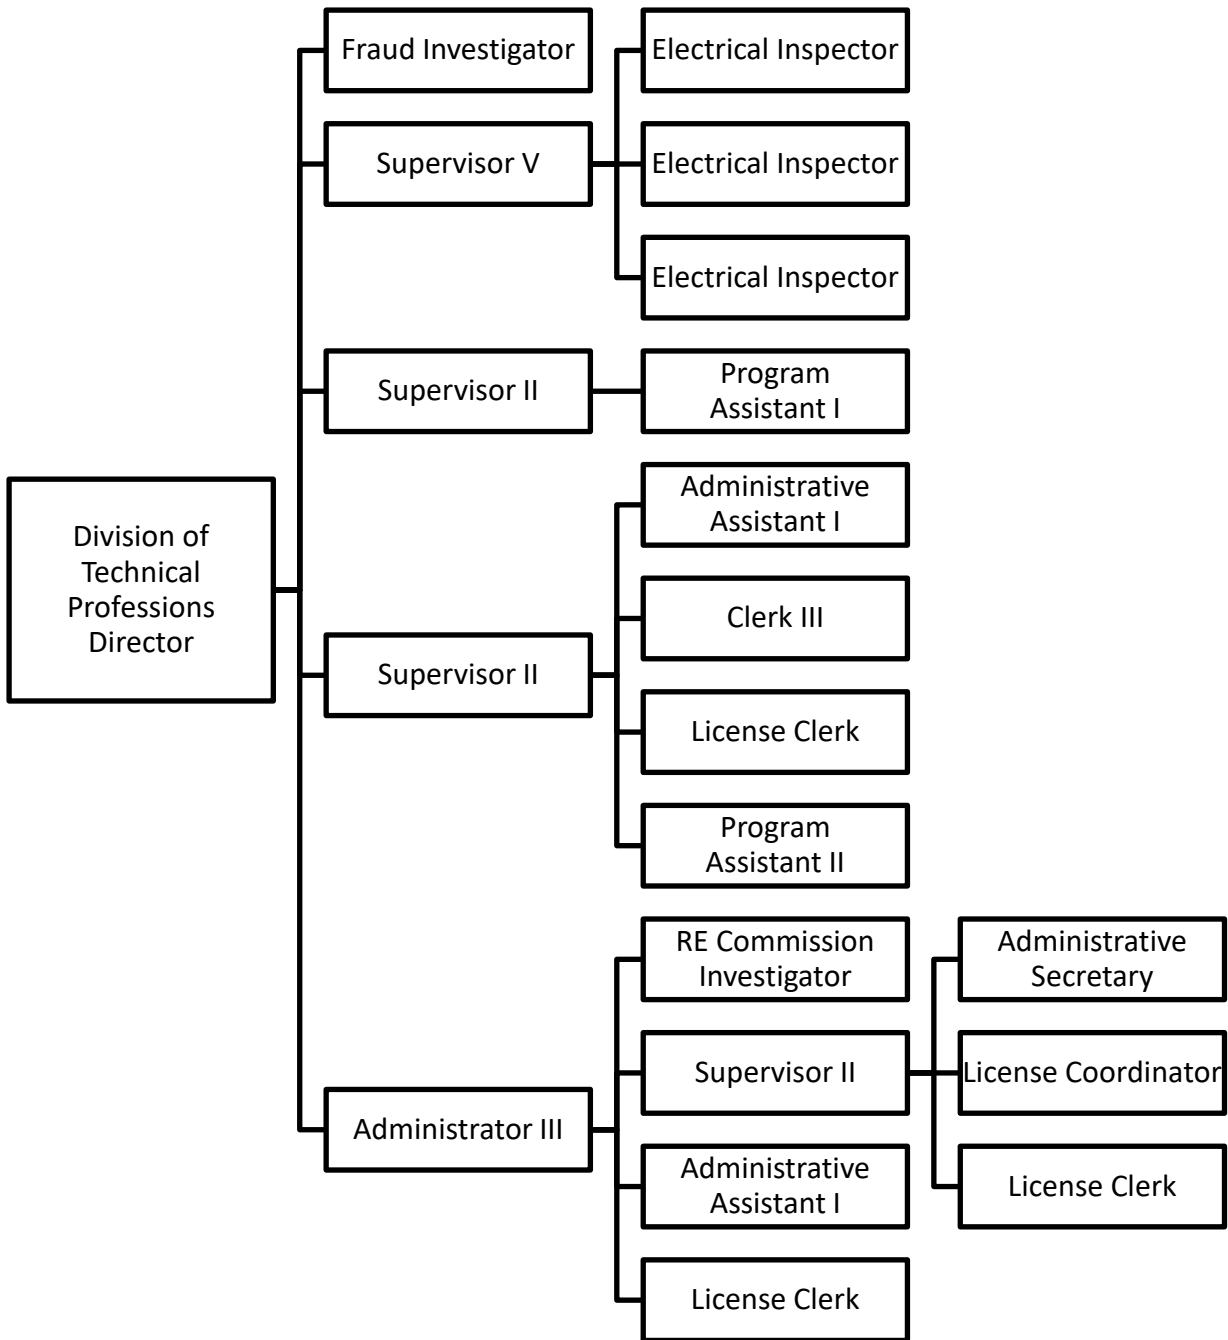

DIVISION OF TECHNICAL PROFESSIONS

There are seventeen separate licensing or certification Boards and one adjudicative Board that comprise the Division of Technical Professions. The eighteen Boards regulate over 50,000 licensees. During FY 19, Division efforts focused on creating a strong customer service model, reciprocity and portability of licenses, establishing efficiencies in the application process through rulemaking and internal policies and procedures and working toward on-line applications for initial and renewal licensure for all Boards and Commissions.

Some of the highlights you will note as you review actions by Boards and Commissions are: clarification and streamlining of continuing education requirements, approving alternative paths to licensure, starting newsletters, creating an apprentice program for high school students to get a jump start on licensure and career path training, creating reciprocal agreements with other states, hosting and attending meetings with national licensing organizations and other state boards to create model laws and facilitate reciprocity and portability of licenses, sponsoring and creating trainings to raise awareness regarding practice standards and public safety and updating exams to assure current standards are being met.

These priorities all remain areas of focus during FY 20.

- Created on-line renewal of licensure process.

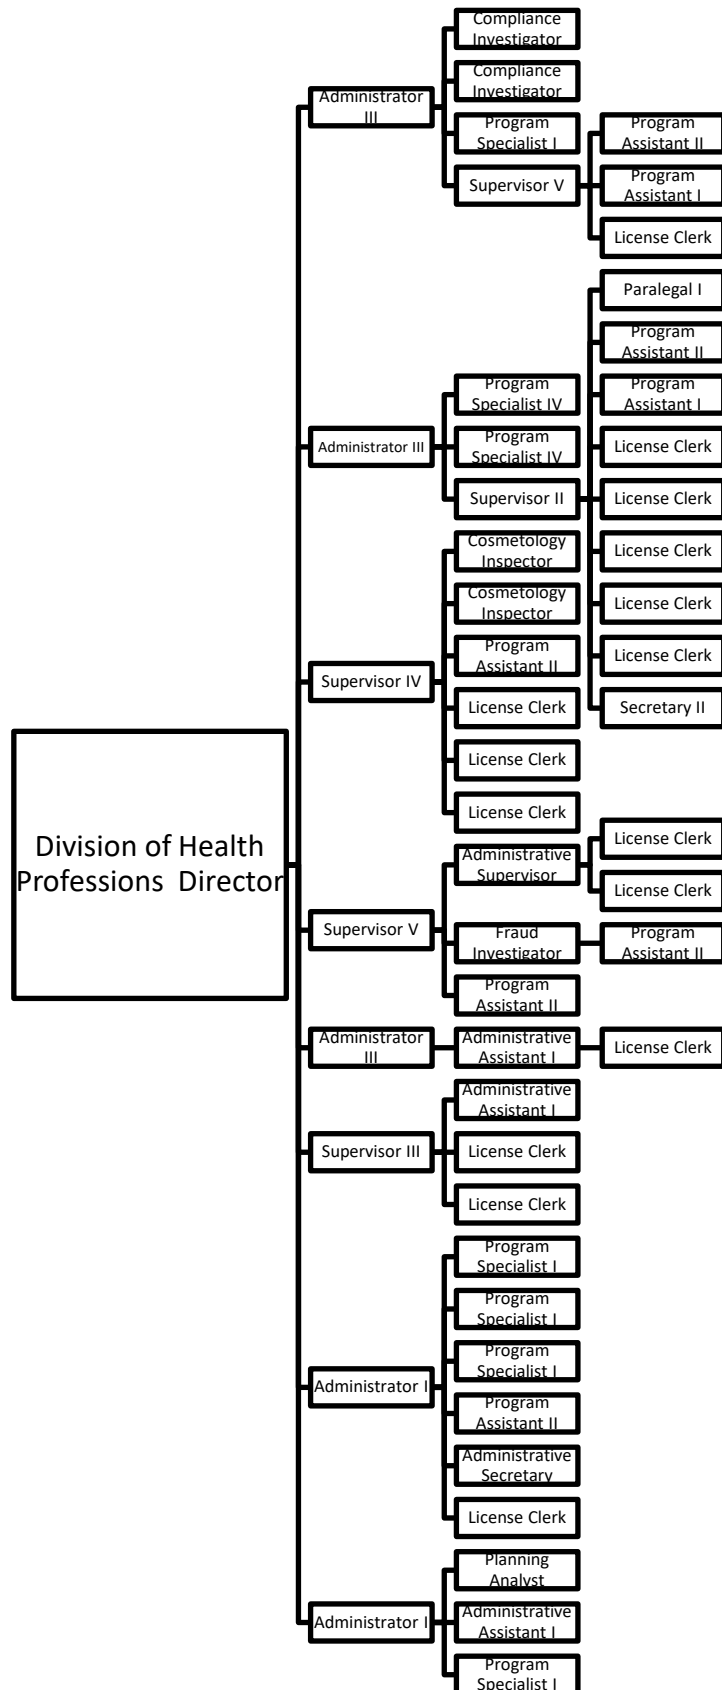

DIVISION OF HEALTH PROFESSIONS

There are 33 Boards, Councils, and Commissions that comprise the Division of Health Professions at OPLC. During FY 19, Division efforts focused on reciprocity, establishing efficiencies in the application process through rulemaking, and working toward online applications for initial and renewal licensure for all Division Boards, Councils, and Commissions.

Among other things, the Board of Psychology joined the Psychology Interjurisdictional Compact Commissioner (PSYPACT) (effective 1/2020). The Allied Health Board of Directors worked to promulgate one set of rules that apply to the seven boards that comprise Allied Health. The Board of Dietitians, the Board of Barbering, Cosmetology, and Esthetics, and the Board of Medicine transitioned to online renewals in FY 19; the Board of Pharmacy instituted fully online initial licensure applications for Pharmacy Technicians, Pharmacy Interns, and Reciprocal Pharmacists. The Division of Health Professions anticipates that, in FY 20, more Division Boards, Councils, and Commissioners will transition to online capability for both initial and renewal applications.

OPLC was awarded a \$244,260.00 grant from the Department of Labor, Employment and Training Administration. The grant permits OPLC to conduct an occupational licensing review and reform analysis on occupations licensed by 5 Boards that fall under the Division of Health Professions: Alcohol and Other Drug Use Professionals; Office of Allied Health Professionals; Barbering, Cosmetology, and Esthetics; Board of Nursing (LNA) and Board of Pharmacy (Pharmacy Technician). The grant runs between October 17, 2018, through June 30, 2021. In FY19, OPLC contracted with the Council on Licensure, Enforcement and Regulation (CLEAR) to provide licensing research and, eventually, recommendations. The Division of Health Professions anticipates that its work with CLEAR will continue in FY 20, and that initial feedback and recommendations will be received and reviewed.

Complaints and Disciplinary Action

- 2 - Active Complaints
- 13 - New Complaints
- 1 - Application Denial
- 1 - Decision and Order
- 11 - Letters of Concern
- 3 - Dismissed

Board Highlights

- Working with the Department of Education (“DOE”) on requirements for Speech-Language Pathologists (“SLP”) working within a school system, and their requirement that they must also be certified as a Speech-Language Specialist (“SLS”). The DOE is stating that a licensed SLP who is working in a school system must also be certified by the DOE as an SLS if what they are doing is not substantially different from the duties of an SLS. This creates unnecessary barriers for SLP’s wishing to work in a school system. The DOE has agreed to support legislation exempting SLP’s from being certified as an SLS.

Board Highlights

- HB 615 - passed 5/16/19 - relative to Prescription/Dispensing of Fluoride Treatment by Dental Hygienists:
 - This new proposed Board rule “the administration, prescription, and dispensing of a fluoride supplement, topically applied fluoride, and chlorhexidine gluconate oral rinse” is currently in the midst of the rulemaking process for final review and to be adopted. Included in the process were statutory changes made to NH Board of Pharmacy RSA 318:42 in order to give provider status to dental hygienists.
- HB 1577 – passed 6/12/18 – relative to the administration of anesthesia by dentists. The Board voted to approve recommendations made by the Board’s NH Anesthesia/Sedation Evaluation Committee for some proposed rulemaking changes that have been submitted to the Rules Attorney.
- The trending topic of Teledentistry was brought forward in October 2018 and is still being brought forward by many different sources for further discussion and Board consideration. There are currently no specific rules in NH dealing with Teledentistry.
- Dental Licensing Examination Reform is another topic that continues to have additional communications from outside agencies and constituents. The Board voted to not accept the WREB (Western Regional Examining Board) test for NH dentist and dental hygienist licensees starting in 2018 because the Board had concerns with the quality of the test and for the safety of the public.

Board Highlights

- Instituted fully online (through NH Online Licensing Portal / MLO) initial licensure applications for Pharmacy Technicians, Pharmacy Interns, and Reciprocal Pharmacists (pharmacists already licensed in another state).

- Transitioned Board from Annual License Renewals to Biennial License Renewals through a Statute Change (HB 615 – passed in June 2019).
- Instituted electronic tracking system for monitoring controlled drug losses occurring in NH pharmacies.
- Instituted electronic tracking system for logging complaints, investigations, and disciplinary outcomes and resolutions.
- Instituted electronic tracking system for logging consultant pharmacist controlled drug destructions at all nursing homes and correctional facilities statewide.
- Established risk-based inspection schedules/protocols to better meet Board's inspectional responsibilities and target resources where there is the greatest risk. Drafted individual inspection processes for all provider offices mandated by RSA 318:8a and RSA 318:9a.
- HOUSE BILL **1822-FN** passed making hormonal contraceptives available directly from pharmacists by means of a standing order. Developed protocol, rules and procedures for pharmacists to dispense contraceptives without a provider's order. Legislation to allow billing for consultations will be introduced legislative session 2020.
- HOUSE BILL **615** passed a pharmacy cleanup bill that removed outdated statutes, updated issues related to nursing and dentistry, and updated manufacturer/wholesale statutes to meet drug pedigree and chain of ownership. Updated all current rules concerning (Ph1000, Ph2500(draft), Ph2700(draft)) this based on federal requirements.
- SENATE BILL **120** passed. This bill makes changes to the controlled drug prescription health and safety program by transferring the program from the Board of Pharmacy to the OPLC. This will allow for all medical boards to have an equal opportunity to provide input to the operations of the program.
- HOUSE BILL **463-FN** passed relative to licensure of advanced pharmacy technicians. This bill establishes the duties of and requirements for the licensure of licensed advanced pharmacy technicians working in a pharmacy under a supervising pharmacist.
