**OVERVIEW**

The Office of Professional Licensure and Certification (OPLC) is the state agency charged with providing administrative support to the fifty-four Boards, Councils, and Commissions within the agency. Thirty-four Boards, Councils, and Commissions comprise the Division of Health Professions; fifteen are implicated by Medicaid-to-Schools (MTS).

This guidance is being issued to provide information regarding the licensure process generally, as well as information regarding practice areas implicated by MTS. This guidance document, SFY 2020-02, supplants OPLC’s initial guidance document, SFY 2020-01, which is hereby rescinded. This guidance document is being issued for informational purposes only and is not binding upon the boards listed herein. Please refer to the board practice acts and administrative rules for further information.

For clarity, whenever possible, terms in this document will be used in accordance with definitions set forth in He-W 589. In particular, “order” “means a written authorization for the provision of services issued by a . . . . licensed clinician with ordering privileges.” See He-W 589. Additionally, although not defined in He-W, for purposes of this guidance, the term “referral” shall mean “a written authorization by a licensed clinician for evaluation by a
specialist.” An order from a licensed clinician with ordering privileges is always required for the provision of medical services.

1. Allied Health Boards

Occupational Therapy Governing Board

Licenses: Occupational Therapist; Occupational Therapy Assistant.
Practice Acts: RSA 328-F; RSA 326-C.
Rules: (1) Office of Licensed Allied Health Professionals Governing Board, Ahp 100–Ahp 600; (2) Occupational Therapists, Occ 100–Occ 500.
Point of Contact: Talia Wilson, Board Administrator: talia.wilson@oplc.nh.gov; (603)-271-6745.

“Occupational therapy” means the therapeutic use of purposeful and meaningful occupations or goal-directed activities to evaluate and treat individuals who have a disease or disorder, impairment, activity limitation, or participation restriction which interferes with their ability to function independently in daily life roles, and to promote health and wellness.” RSA 326-1, III.

Services may include:

1. Evaluating, developing, improving, sustaining or restoring skills in activities of daily living, work or productive activities, including instrumental activities of daily living, and play and leisure activities.
2. Evaluating, developing, remediating, or restoring sensorimotor, cognitive, or psychosocial components of performance.
3. Designing, fabricating, applying, or training in the use of assistive technology or orthotic devices, and training in the use of prosthetic devices.
4. Adaptation of environments and processes, including the application of ergonomic principles, to enhance performance and safety in daily life roles.
5. Application of physical agent modalities as an adjunct to, or in preparation for, engagement in purposeful activities and occupations.
6. Evaluating and providing intervention in collaboration with the client, family, caregiver, or others.
7. Educating the client, family, caregiver, or others in carrying out appropriate non-skilled interventions.
8. Consulting with groups, programs, organizations, or communities to provide population-based services.

RSA 326-C:1, III(b).

An “Occupational therapist” means a person currently licensed to practice occupational therapy in the state of New Hampshire.” RSA 326-C:1, II. An “Occupational therapy assistant” means a person currently licensed to assist in the practice of occupational therapy, under the supervision of an occupational therapist, in the state of New Hampshire.” RSA 326-C:1, IV.

| Who can order occupational therapy services? | Services to individuals with non-medically related conditions: The occupational therapist does not require an order to provide “[p]revention, wellness, and education-related services.” RSA 326-C:2. | Services to individuals with medically related conditions: However, to initiate “occupational therapy services to individuals with medically related conditions,” the occupational therapist requires an order from a physician, physician assistant, chiropractor, APRN, optometrist “or any other qualified health care professional who, within the scope of the professional’s licensure, is authorized to [order] health care services.” RSA 326-C:2, II. |
| | Services by an occupational therapy assistant is provided under the supervision of a licensed occupational therapist. See RSA 326-C:1, Therefore, whether an order is required (and who can order) for an occupational therapy assistant to provide a service is dependent upon whether the supervising occupational therapist requires such order. | |

Physical Therapy Governing Board
Licenses: Physical Therapist; Physical Therapy Assistant.
Practice Acts: RSA 328-F; RSA 328-A.
Rules: (1) Office of Licensed Allied Health Professionals Governing Board, Ahp 100–Ahp 600; (2) Physical Therapists, Phy 100–500.
Point of Contact: Talia Wilson, Board Administrator: talia.wilson@oplc.nh.gov; (603)-271-6745.

1 RSA 326-C appears to use the term “referral” to mean an order for services. However, for consistency, this guidance document uses “referral” to mean an order authorizing evaluation by a specialist, and not a general order for services to be rendered.

OPLC Medicaid-to-Schools Policy Guidance
Reference No. 2020-02
4/23/2020
Under RSA 328-A:2, XI, the “practice of physical therapy” is defined as:

(a) Testing, examining and evaluating impairments, movement dysfunctions, and disabilities or other health and movement-related conditions in order to determine a diagnosis, prognosis, and plan of intervention, and to assess the outcomes of intervention.

(b) Alleviating impairments, movement dysfunctions, and disabilities by designing and implementing, and modifying interventions that include, but are not limited to therapeutic exercise; training related to movement dysfunctions in self care and in home, community or work integration or reintegration; manual therapy including soft tissue and joint mobilization; therapeutic massage; assistive and adaptive orthotic, prosthetic, protective and supportive devices and equipment related to movement dysfunctions; airway clearance techniques; integumentary protection and repair techniques; debridement and wound care; physical agents or modalities; mechanical and electrotherapeutic modalities; and patient-related instruction.

RSA 328-A:2, XI. “Physical therapy” or ‘physiotherapy’ means the care and services provided by or under the direction and supervision of a physical therapist who is licensed pursuant to this chapter.” RSA 328-A:2, IX.

A “‘Physical therapist’ or ‘physiotherapist’ means a person who is licensed pursuant to this chapter to practice physical therapy in this state.” RSA 328-A:2, VII.

A “‘Physical therapist assistant’ means a person who meets the requirements of this chapter for licensure and who assists the physical therapist in selected components of physical therapy intervention.” RSA 328-A:2, VIII.

A “‘Physical therapy aide’ means a support person trained under the direction of a physical therapist who performs designated and supervised routine tasks related to physical therapy.” RSA 328-A:2, X. A physical therapy aide can be supervised by a physical therapy assistant and trained for routine tasks.

**Governing Board of Speech-Language Pathologists**

Licenses: Speech-Language Pathologist; Speech-Language Assistant.  
Note, the Board does not separately license Speech-Language Specialists certified by the Department of Education.  
Practice Acts: RSA 328-F; RSA 326-F.  
Rules: (1) Office of Licensed Allied Health Professionals Governing Board, Ahp 100–Ahp 600;  
(2) Speech-language Pathologists, Spe 100–Spe 600.  
Point of Contact: Talia Wilson, Board Administrator: talia.wilson@oplc.nh.gov; (603)-271-6745.

Under RSA 326-F:1, II, the “Practice of speech-language pathology” includes the following:

- (a) Screening, identifying, assessing, interpreting, diagnosing, rehabilitating, and preventing disorders of speech and language.  
- (b) Screening, identifying, assessing, interpreting, diagnosing, and rehabilitating disorders of oral-pharyngeal function and related disorders.  
- (c) Screening, identifying, assessing, interpreting, diagnosing, and rehabilitating cognitive communication disorders.  
- (d) Assessing, selecting, and developing augmentative and alternative communication systems and providing training in their use.  
- (e) Providing aural rehabilitation and related counseling services to deaf or hard of hearing individuals and their families.  
- (f) Enhancing speech-language proficiency and communication effectiveness.  
- (g) Screening of hearing and other factors for the purpose of speech-language evaluation or the initial identification of individuals with other communication disorders.

RSA 326-F:1, II.

A “Speech-language assistant” means any person certified by the board who meets minimum qualifications established by the Board which are less than those established by this chapter as necessary for licensing as a speech-language pathologist, and who does not act independently but...
works under the direction and supervision of a speech-language pathologist licensed” under the Practice Act. RSA 326-F:1, II-a.

A “‘Speech-language pathologist’ means any person who renders or offers to render to the public any service involving the application of principles, methods, and procedures for the measurement of testing, identification, appraisal, consultation, counseling, instruction and research related to the development and disorders of speech, voice, or language for the purpose of diagnosing, designing, and implementing programs for the amelioration of such disorders and conditions.” RSA 326-F:1, III.

*Pursuant to Spe 607.01(a), “[a] speech language assistant shall receive direction from, and be supervised by, an individual holding a currently valid New Hampshire license to practice speech-language pathology.” Additionally, under Spe 607.01(b), “[f]or the first 90 work days after the speech-language assistant begins to practice, after he or she has been initially certified,” the speech-language assistant shall be directly supervised by a speech-language pathologist (SLP) 20% of the time during the work week, and indirectly supervised by an SLP 10% of the time during the work week. Thereafter, the speech-language assistant shall be directly supervised by an SLP 10% of the time during the work week and indirectly supervised by an SLP 10% of the time during the work week. Spe 607.01(c). A licensed speech-language pathologist “shall not supervise at any one time any more speech-language assistants than those whose combined work hours total the work hours of 2 full-time speech-language assistants.” Spe 607.02(a).

Recreational Therapy Governing Board
Licenses: Recreational Therapist.
Practice Acts: RSA 328-F; RSA 326-J.
Rules: (1) Office of Licensed Allied Health Professionals Governing Board, Ahp 100–Ahp 600; (2) Recreational Therapists, Rec 100–Rec 500.
Point of Contact: Talia Wilson, Board Administrator: talia.wilson@oplc.nh.gov; (603)-271-6745.

Under RSA 326-J:1, III, “Recreational therapy” is:

a treatment service designed to restore, remediate, and rehabilitate a person's level of functioning and independence in life activities, to promote health and wellness.
as well as reduce or eliminate the activity limitations and restrictions to participation in life situations caused by an illness or disabling condition.

RSA 326-J:1, III. A “Recreational therapist” means a person currently licensed to practice recreational therapy in the state of New Hampshire.” RSA 326-J:1, II.

3. **Board of Dental Examiners**

**Licenses:** Dentist; Dental Hygienist.

**Practice Acts:** [RSA 317-A](#).

**Rules:** Board of Dental Examiners, [Den 100–Den 500](#).

**Point of Contact:** Christine Senko, Board Administrator: christine.senko@oplc.nh.gov; (603)-271-4561.

Under the Dental Practice Act, “[a] person shall be regarded as practicing dentistry within the meaning of” the statute if the person:

(a) Uses or permits to be used, directly or indirectly, for profit or otherwise, for that person or for any other person, in connection with the person's name, the word "dentist", or "dental surgeon", or the title "D.D.S." or "D.M.D.", or any other words, letters, titles, or descriptive matter, personal or not, which directly or indirectly imply the practice of dentistry;
(b) Owns, leases, maintains, or operates a dental business in any office or other room or rooms where dental operations are performed, or directly or indirectly is manager, proprietor, or conductor of the same;
(c) Directly or indirectly informs the public in any language, orally, in writing, or in printing, or by drawings, demonstrations, specimens, signs, or pictures that the person can perform or will attempt to perform dental operations of any kind;
(d) Undertakes, by any means or method, including by use of electronic media, gratuitously or for a salary, fee, money, or other reward paid or granted directly or indirectly to that person or to any other person, to diagnose or profess to diagnose, to treat or profess to treat, or prescribe for or profess to prescribe for any of the lesions, diseases, disorders, or deficiencies of the human oral cavity, teeth, gums, maxilla, or mandible or adjacent associated structures;
(e) Supervises a dentist within the scope of the practice of dentistry;
(f) Except on the written prescription of a duly licensed dentist and by the use of impressions or casts made by a duly licensed and practicing dentist, directly or
indirectly by mail, carrier, personal agent, or by any other method, furnishes, supplies, constructs, reproduces, or repairs prosthetic dentures, bridges, appliances, or other structures to be used and worn as substitutes for natural teeth, or adjusts the same;

(g) Administers dental anesthetics, either general or local; or
(h) Dispenses teeth whitening agents or undertakes to whiten or bleach teeth by any means or method, unless the person is dispensing or using a product that may be purchased over the counter for the person's own use, or is authorized under rules adopted by the board to engage in such activities without being a licensed dentist.

RSA 317-A:20, I.

A person is considered to be practicing dental hygiene if the person “uses the title ‘registered dental hygienist’, the abbreviation ‘R.D.H.’, or any other words or symbols that indicate that the person is a licensed dental hygienist” or performs one of the following services:

(a) The assessment of medical and dental histories, including preliminary inspection of the oral cavity, surrounding structures, and periodontal charting.
(b) The assessment of the patient to collect and evaluate complete data to identify dental hygiene care needs.
(c) The performance of the complete prophylaxis including the removal of calciferous deposits, excess cements, excess bond materials from orthodontic appliances, accretions, and stains from the supragingival and subgingival surfaces of the teeth by scaling, root planning, and polishing.
(d) The performance of procedures requiring additional education and any other procedures authorized by the board through rules adopted under RSA 541-A.
(e) The administration of local anesthesia.
(f) The administration of nitrous oxide/oxygen minimal sedation (anxiolysis); provided the dental hygienist is qualified by the board after training and after passing an examination approved by the board.
(g) The administration, prescription and dispensing of a fluoride supplement, topically applied fluoride and chlorhexidine gluconate oral rinse.
