STATE OF NEW HAMPSHIRE

In the Year of Our Lord Two Thousand Eighteen

AN ACT relative to apprentice electricians.

Be it Enacted by the Senate and House of Representatives in General Court convened:

243:1 Electricians; Apprentice Electricians. Amend RSA 319-C:2, IV and V to read as follows:

IV. "Journeyman electrician" means a person doing work of installing electrical wires, conduits, apparatus, fixtures and other electrical equipment. A journeyman electrician shall be employed by a master electrician, except as provided in RSA 319-C:10. [Each journeyman electrician may have one apprentice electrician working with him and under his personal supervision.] Each journeyman electrician shall work under the direction and supervision of a master electrician.

V. "Master electrician" means a person either employed by another master electrician or who, as a business, hires or employs another to do electrical work, or, without hiring another, makes electrical installations as a principal or auxiliary business for his or her own account. [Each master electrician may have no more than 2 apprentice electricians working with him or her under his or her personal supervision, provided this authorization shall not apply to more than 6 master electricians for each work location.]

243:2 New Section; Supervision of Apprentice Electricians. Amend RSA 319-C by inserting after section 2 the following new section:

319-C:2-a Supervision of Apprentice Electricians.

I. A journeyman electrician may have 2 apprentice electricians under his or her direct supervision beginning on the first anniversary of the journeyman electrician's initial date of licensure.

II. Each journeyman electrician on a work site may have 2 apprentice electricians working under his or her direct supervision, to a maximum of 3 journeyman electricians per work site. Each additional journeyman electrician may have one apprentice electrician under his or her direct supervision.

III. Each master electrician on a work site may have 2 apprentice electricians working under his or her direct supervision, to a maximum of 6 master electricians per work site. Each additional master electrician may have one apprentice electrician under his or her direct supervision.
IV. The maximum number of licensed electricians with 2 apprentice electricians working under their direct supervision on a work site shall not exceed 6.

243:3 Effective Date. This act shall take effect upon its passage.
