

The NH Electricians' Board and Joint Legislative Committee on Administrative Rules "JLCAR" have approved conditional rule changes for 3rd Party Electrical Inspectors, as of March 5, 2019. Anyone who wants to perform private 3rd Party Electrical Inspections has 90 days from March 5, 2019 to submit their applications to the Board for approval as a 3rd Party Electrical Inspector, complying with RSA 319-C:5-a. Third party electrical inspector definitions from the conditional rules are below. The application can be printed from the link below. For questions please contact Pam Olin at (603)271-0145 or pamela.olin@oplcnh.gov

Elec 301.04 "Third party electrical inspector" means an approved individual who performs electrical inspections on new, newly modified, existing, or temporary electrical installations to certify compliance with the most currently adopted edition of NFPA 70, the National Electrical Code (NEC), in New Hampshire along with any adopted local ordinances.

Elec 301.05 "Third party electrical inspector level 1" means an electrical inspector for residential units, as defined in Chapter 2 Section R202 (building) of the currently adopted International Residential Code by the state of New Hampshire, except allowing up to 4 contiguous units, shall have the minimum qualifications as required in Elec 304.05(a).

Elec 301.06 "Third party electrical inspector level 2" means an electrical inspector for all types of buildings, as defined in Chapter 2 Section 202 [A] (building) of the currently adopted International Building Code by the state of New Hampshire, shall have the minimum qualifications as required in Elec 304.05(b).
