2. Communications – General –

a. Copy of Statutes and Attorney Lavelle’s response to Boards question regarding gaining experience and having references who are not Engineers- Board had received a question about whether the 5 references have to be licensed PE’S. The statute states that they do. The other question was about work experience being gained under a licensed PE, for this question the individual would have to explain why they don’t work under a PE. Legislative changes would need to be made if the Board wanted to change the reference requirements.
