

## **Introducing CE Broker for Your Continuing Education Tracking**

Dear Licensee,

The Office of Professional Licensure and Certification is excited to introduce [CE Broker](#), a platform designed specifically for managing and tracking continuing education (CE) requirements.

### **What is CE Broker?**

[CE Broker](#) is an official continuing education tracking system used by over 2 million licensed professionals across the nation. It partners with regulatory boards, educational providers, and licensees to streamline compliance by tracking and reporting completed CE credits.

### **Why We're Moving to CE Broker:**

- **Simplified Tracking for you and OPLC:** CE Broker offers a user-friendly dashboard to keep all your CE requirements in one place. This also allows OPLC to streamline audits.
- **Real-Time Updates:** You'll receive immediate status updates on completed courses and upcoming requirements.

Please note that CE Broker will be mandatory for the following boards beginning February 3, 2025, *meaning you no longer upload CEs on the licensing portal.*

- Accountancy;
- Assessing Certification;
- Electrologists;
- Dental Examiners;
- Massage Therapists;
- Medicine;
- Medical Imaging and Radiation Therapy;
- Mental Health Practice;
- Nursing;
- Occupational Therapist;
- Physical Therapist;
- Podiatry;
- Psychology;
- Recreational Therapy;
- Respiratory Care Practitioners.

CE Broker is live for your board, and you are more than welcome to access your account. Further details on CE Broker will be sent gradually over the next month.

Thank you,

The Office of Professional Licensure and Certification
