FP 2023-51, Plc 1001.17 Fees for Site Visits and Inspections Not Related to Licensure
Summary of Comments on Initial Proposal with OPLC Responses
April 27, 2023

Background

The Office of Professional Licensure and Certification (OPLC) is proposing to adopt Plc 1001.17 to establish fees for site visits and inspections that are not related to initial or renewal licensure, so that the fees are not co-mingled with the application-related fees in Plc 1002.

Two individuals from the public attended the public hearing held on April 12, 2023, and provided comments. No written comments were received. The public comments and the OPLC's responses thereto follow the explanation of changes the OPLC made on its own initiative. Comments were not received from OLS/Administrative Rules.

The OPLC made the following revisions on its own initiative:

1. The fee for inspecting a body art facility (paragraph (b)) has been deleted. The Initial Proposal contained this fee based on rules that had been proposed earlier this year. However, after the FIS for these rules was filed, the Executive Director withdrew the body art facility rules from rulemaking.
2. Paragraphs (c) through the second paragraph designated (incorrectly) as (g) were redesignated as (b) through (h), and paragraph (i) was redesignated as paragraph (j).
3. The internal cross-references in (~~hg~~) have been corrected.

Public Comments

Comment: *The Mechanical Licensing Board also has a fee for attending a board-sponsored seminar.*

Response: The fee has been added as new paragraph (i).
