

Dear Real Estate Appraiser Course Providers,

The Office of Professional Licensure and Certification is partnering with CE Broker to track all continuing education for New Hampshire licensees. Please refer to this **step-by-step guide** to assist you in setting up your account (note some previously approved providers and courses are already imported into the system. If you receive an email from CE Broker, simply follow the prompts to create your login credentials).

1. Visit cebroker.com/providers
2. Choose **New Hampshire** from the drop-down menu and click **Get Started**
3. Select the **Real Estate Appraisers**, review the requirements and click **Register**.

Please keep track of your login information for future use.

This is a free service and does not require a paid account. This process will allow for courses to be searched by licensees and tracked for proper and easier auditing requirements.

Please find the attached links and how to guide to better understand the process: [Education Providers – CE Broker](#).

Please note all Course Approvals will now be processed through the CE Broker platform and should not be submitted directly to OPLC.

Please visit the CE Broker website for assistance [managing your courses](#). If you do not see your course listed in CE Broker, please reach out to OPLC [here](#).

Thank you,

Office of Professional Licensure and Certification
