

**Before the  
New Hampshire Board of Medicine  
Concord, NH 03301**

In the Matter of:  
David N. Lunianski, D.O.  
License No. 14714  
(Misconduct Allegations)

**ORDER DENYING REQUEST FOR REINSTATEMENT**

Now before the Board of Medicine ("the Board") is a request from David N. Lunianski, D.O. ("Dr. Lunianski") for unrestricted reinstatement of his New Hampshire Medical License dated February 9, 2012. Attached to this request is supporting documentation of Dr. Lunianski's completion of an intensive ethics course entitled "Medical Ethics, Boundaries and Professionalism" taken from February 2-3, 2012. In consideration of this request, the Board also reviewed a letter from Sally Garhart, M.D., Director of the NH Professionals Health Program ("NH PHP"); two confidential quarterly reports from two separate therapists/treatment providers; and the Forensic Professional Fitness to Practice Evaluation, Summary Report, from Acumen Assessments LLC. The Board denies the request and indicates that Dr. Lunianski did not comply with the NH PHP between November and December, 2011 by not participating in random drug and alcohol testing until he returned from his travels in late December 2011. Accordingly, Dr. Lunianski has failed to comply with paragraph 7E of the February 4, 2011 Settlement Agreement.

The Board is requiring that Dr. Lunianski participate in 6-months of drug-free testing through the NH PHP before it will consider reinstatement of his New Hampshire license.

THEREFORE, the Board denies Dr. Lunianski's request for unrestricted reinstatement of his New Hampshire medical license; and

IT IS FURTHER ORDERED that Dr. Lunianski is required to participate in 6-months of drug-free testing through the NH PHP before the Board will consider reinstatement of his New Hampshire medical license.
