

**Before the
New Hampshire Board of Medicine
Concord, New Hampshire**

In the Matter of:
Corey J. Meyers, M.D.

Docket No.: 12-04

ORDER OF CONDITIONAL APPROVAL

On August 7, 2012, the NH Board of Medicine (“Board”) issued a Final Decision and Order in the matter of Corey J. Meyers, M.D. (“Dr. Meyers” or “Respondent”). The Final Decision and Order indefinitely suspended the license of Dr. Meyers and required him to meaningfully participate in an assessment of his medical skills through the Center for Personalized Education for Physicians (“CPEP”). Dr. Meyers has completed the assessment and the recommendations made by CPEP. Now before the Board is a request from Dr. Meyers to return to the practice of medicine.

Dr. Meyers submitted the following documents for review by the Board in support of his request:

1. May 15, 2014 cover letter from Dr. Meyers indicating he has “fully complied with the expectations, standards and rules governing the practice of medicine”;
2. May 14, 2014 submission from Dr. Meyers entitled “Remediation Report, Remediation Based on the CPEP Evaluation”;
3. Summary of the Neuropsychological Evaluation dated April 10, 2014;
4. CPEP’s Hypothetical Case Discussions, Specific Topics and Conclusions; and
5. Dr. Meyers’ Final Decision and Order from the Board dated August 7, 2012.

The August 7, 2012 Final Decision and Order (“Order”) indicates that the decision to lift the suspension and restore Respondent’s license will be at the sole discretion of the Board. The Order also required Respondent to “meaningfully participate in an assessment of his medical skills

through CPEP” – to assess Respondent’s ability to appropriately diagnose, provide follow-up patient care and to adequately document the consultation, evaluation and treatment decisions of a patient. This assessment was to occur within twelve months of the Order, with all recommendations made by CPEP completed within 24 months of the Order.

Based on the documentation received and after reviewing the documentation submitted by Dr. Meyers, the Board voted to issue Dr. Meyers a Conditional License as detailed below.

1. For the first two (2) years of practice, Dr. Meyers shall have an Educational Preceptor (“Preceptor”), preapproved by the Board, who will work with the Respondent to build and strengthen skills and behavior competencies in patient interaction, and in formulating assessments and plans for patient care, management and record keeping. The Preceptor shall file quarterly reports to the Board; and
2. For the first two (2) years of practice, Dr. Meyers shall be monitored by a New Hampshire licensed physician (“monitor”) within the practice. The physician must be pre-approved by the Board; and
3. The monitor will review ten of Dr. Meyers’ patient charts every month and report to the Board any concerns; and
4. The monitor will send quarterly reports to the Board regarding Dr. Meyers’ practice; and
5. Dr. Meyers is ultimately responsible for the reports outlined in #4 above being sent to the Board; and
6. Upon completion of the two-year monitoring period, Dr. Meyers may petition the Board for a full unrestricted license; and
7. Dr. Meyers may not work in an emergency room setting except with the prior authorization from the Board; and
8. For the entire time Dr. Meyers is licensed in New Hampshire, he shall furnish a copy of the ‘final order’, as defined further below, to any employer to which he may apply for work as a physician or for work in any capacity which requires a medical degree and/or medical license or directly or indirectly involves patient care, and to any agency or authority which licenses, certifies or credentials physicians, to which he may apply for any such professional privileges or recognition.

THEREFORE IT IS ORDERED that a conditional license be granted to Corey J. Meyers,

M.D. with the following restrictions and/or conditions:

1. For the first two (2) years of practice, Dr. Meyers shall have an Educational Preceptor (“Preceptor”), preapproved by the Board, who will work with the Respondent to build and strengthen skills and behavior competencies in patient

- interaction, and in formulating assessments and plans for patient care, management and record keeping. The Preceptor shall file quarterly reports to the Board; and
2. For the first two (2) years of practice, Dr. Meyers shall be monitored by a New Hampshire licensed physician (“monitor”) within the practice. The physician must be pre-approved by the Board; and
 3. The monitor will review ten of Dr. Meyers’ patient charts every month and report to the Board any concerns; and
 4. The monitor will send quarterly reports to the Board regarding Dr. Meyers’ practice; and
 5. Dr. Meyers is ultimately responsible for the reports outlined in #4 above being sent to the Board; and
 6. Upon completion of the two-year monitoring period, Dr. Meyers may petition the Board for a full unrestricted license; and
 7. Dr. Meyers may not work in an emergency room setting except with prior authorization from the Board; and
 8. For the entire time Dr. Meyers is licensed in New Hampshire, he shall furnish a copy of the ‘final order’, as defined further below, to any employer to which he may apply for work as a physician or for work in any capacity which requires a medical degree and/or medical license or directly or indirectly involves patient care, and to any agency or authority which licenses, certifies or credentials physicians, to which he may apply for any such professional privileges or recognition.

IT IS FURTHER ORDERED, that this Order of Conditional Approval (“Order”) will become a ‘final order’ within fifteen days of the effective date of this Order, as further defined below; the Order of Conditional Approval may become a ‘final order’ and a conditional license may be granted sooner if Dr. Meyers accepts the above mentioned conditions and restrictions by filing a written acceptance of this Order with the Board.

IT IS FURTHER ORDERED, that this Order will not become a ‘final order’ if, prior to 2:00 p.m. on the fifteenth day of the effective date of this Order, the Board receives a written request for a hearing; and

IT IS FURTHER ORDERED, that receipt of a timely filed hearing request shall automatically stay this Order and a further order shall be issued in due course in which the Board establishes a date and time of the hearing, and specifies the issues to be heard; and

IT IS FURTHER ORDERED, that any hearing held in response to this Order shall be a non-adjudicatory hearing conducted pursuant to RSA chapter 329 and if necessary RSA 541-A. Dr. Meyers may request to be heard on any relevant matter of law or fact, but evidentiary proceedings shall be conducted only to the extent Dr. Meyers has identified disputed factual issues which require resolution. This non-adjudicatory hearing will be conducted in non-public session unless Dr. Meyers makes a timely written request to conduct it in public session. The burden of proof will be on Dr. Meyers to show cause why he should be granted a full-unrestricted license. Subsequent to such hearing, the Board will issue a 'final order' within the statutory amount of time; and

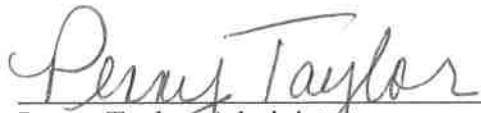

IT IS FURTHER ORDERED, that once a Board order is a 'final order' in accordance with either of the circumstances outlined above, Dr. Meyers has thirty (30) days to file a request for reconsideration pursuant to the Board's administrative rules and RSA chapter 541 if applicable; and

IT IS FURTHER ORDERED, that a 'final order' is a public document; and

IT IS FURTHER ORDERED that this Order shall take effect as an Order of the Board on the date it is signed by an authorized representative of the New Hampshire Board of Medicine.

BY ORDER OF THE BOARD

Date: 7/9/2014

Penny Taylor, Administrator
Authorized Representative of the
New Hampshire Board of Medicine
