STANDING ORDER

Acp 702.01 Acupuncture Detoxification Specialist Application

In an effort for continuous development of processes that improve operations, productivity, and efficiencies, a primary goal of the OPLC in FY21 was to have the ability to approve all initial and renewal applications. In December 2020, development began for allowing online renewal of licenses for all Boards. In April of 2021, work was complete and all OPLC licensed professions were able to complete renewals of licenses online through the State of NH Egov portal and My License Office (MLO) but unfortunately individual rule changes allowing OPLC's staff to have authority to approve specific applications was not obtained. Due to OPLC's new technological advances and the Board's limited capacity to review all the initial and renewal Acupuncture Detoxification Specialist applications, the Board hereby issues the following Standing Order.

By Motion and Approval of the Board:

- The Board hereby authorizes the Office of Professional Licensure (OPLC) to authorize the Office of Professional Licensure (OPLC) and its staff to approve initial and renewal applications for Acupuncture Detoxification Specialists according to the requirements of RSA 328-G:9-a, upon receipt of a completed application and the required documentation in accordance Acp 702.01 and Acp 702.02.
- This Standing Order shall terminate upon enactment of the pending revised rules that incorporate these provisions if prior thereto.

Date: December 10, 2021

By Order of the Board
