respiratory care equipment and supplies shall be performed by respiratory care practitioners and other personnel in conformity with rules adopted by the board under RSA 541-A. The question referred to the "others" verbiage in the RSA asking who others refers to as they are asking for guidance on who can set up CPAP machines. The Board discussed the question and agreed that "other personal" refers to those professions that allow it within their scope of practice. Therefore, as the Respiratory Care Board can only speak to their scope of practice it was recommended that if there is a question if a different profession can perform the duties then they would need to reach out to each profession individually to inquire if their scope of practice allows it.

ADJOURN: on motion by Jeffrey Reisert with a second by Sarah Stone, the motion to adjourn at 9:03 A.M. carried in the affirmative.

Minutes respectfully submitted by Talia Wilson, Board Administrator.
